

CORPORATE LEADERSHIP

➤ *Bob Moore*, Chief Executive Officer

After a highly successful 19-year career at PepsiCo North America, where he held a variety of senior executive positions, Mr. Moore joined CHEP International, Inc. ("CHEP") in 1995. During his seven-year tenure at CHEP, he successfully built the largest wood-pallet pool in the United States, and oversaw the company's transformation from a \$300 million niche player to a \$2.5 billion global industry leader.

➤ *Rex Lowe*, President

Rex Lowe, President of iGPS, is an industry veteran with extensive experience in information technology and supply chain and retail logistics. He is the former president of CHEP USA and held various senior positions at Frito-Lay.

➤ *Jack Sparr*, Chief Information Officer

Jack Sparr is Chief Information Officer of iGPS. A supply chain veteran with over 30 years of experience in system implementation, design and client support, he was the chief information officer for Alliance Data-Multifamily Services prior to joining iGPS. Jack also served as a senior vice president and chief information officer for CHEP International. He has been a consultant to some of the largest supply chain logistics and billing companies in the country.

➤ *Al Farrell*, Chief Financial Officer

Al Farrell has had a successful career as an investment banker, finance and treasury executive, and entrepreneur. At JP Morgan Securities and Bank of America Securities, Al advised on M&A transactions, invested private equity and has raised over \$6 billion of debt and equity capital working with companies in diverse industries, including consumer packaged goods, retail, manufacturing, telecommunications, and technology. Al also has a broad range of management and entrepreneurial experience and has served as the chief financial officer of several high growth companies. He holds an MBA with honors from the University of Chicago Graduate School of Business.

➤ *Thadeus Avvampato*, Vice President of Sales

Thadeus has over 12 years of sales, service, asset protection and general management experience, spanning numerous products and services in the supply chain and real estate industries. Prior to joining iGPS, he held various positions at CHEP USA, Inc., spanning customer service, asset protection and project development.

➤ *Ron Reed*, Director of Retail Operations

Ron has over 25 years of experience in logistics and retail operations, serving in a variety of senior positions at Wal-Mart, including store manager, category buyer and warehouse administration. He is located in Bentonville, Arkansas.
